Skills

Software Engineering Major

Backend: Node.js, MS SQL, MySQL

Frontend: HTML, CSS, JavaScript, React

As a passionate full-stack web developer, I believe in the power of technology to not only drive societal change but also to craft connections that transcend boundaries. Through my work in building problem-solving websites and projects, I strive to forge meaningful connections between people, ideas, and communities. I am committed to continuous learning, constantly seeking to expand my skills and stay updated with the latest trends. Let's collaborate to create solutions that matter and contribute to a brighter future together.
My theme: Crafting Connections.
